

## **Notice to Residents:**

### **Spruce Street Sanitary Sewer Extension Project - Starting May 25, 2026**

The Spruce Street Sanitary Sewer Extension Project is scheduled to begin on Monday, May 25, 2026. This important infrastructure project will involve the installation of new sanitary sewer infrastructure, water services, and related road reinstatement work along Spruce Street.

#### **Project Details**

- **Location:** Spruce Street (from the Spruce Street / Chiavari Close intersection area to the Tamarac Drive / TEC School intersection area)
- **Start Date:** Monday, May 25, 2026
- **Work Hours:** 7:00 AM - 5:30 PM, Monday to Friday
- **Expected Completion:** Approximately 5 weeks

#### **Traffic Restrictions**

##### ➤ **Full Street Closure - Beginning May 25, 2026**

During the initial phase of construction, project area will be fully closed to through traffic daily between 7:00 AM and 5:30 PM within the project limits noted above.

The full closure is anticipated to remain in place for approximately two weeks starting May 25, 2026.

- The roadway will reopen after work hours each evening.
- No closures are planned on Saturdays or Sundays.

##### ➤ **Controlled Traffic Operations**

Following completion of the initial excavation and sewer installation work, construction activities will continue under controlled traffic conditions for the remainder of the project.

- One lane may be closed at times.
- Traffic control personnel and signage will be in place.

#### **Important Information for Residents**

- Temporary traffic delays may occur during construction activities.
- Residents may experience construction noise, dust, and heavy equipment activity during work hours.
- Residents are asked to use caution near the construction zone and follow all posted signage and directions from traffic control personnel.
- Temporary water service interruptions may occur for short periods for surrounding area. Affected residents will be notified in advance.
