

## **Open House and Information Centre - September 4 and 5 Storm Damage**

**September 28, 2026 from 7:00PM to 9:00PM**

### **Port Hawkesbury Civic Centre, Bear Head Room**

The Town of Port Hawkesbury is hosting an Open House on September 28, 2026, from 7:00 PM to 9:00PM. The event is being held to provide an opportunity for Town residents to ask questions of Town Council and staff, Consultants, and house protection experts. The event will be in an open house format that will give you the opportunity to focus your time on a few stations or avail yourselves of the information from all those present.

Stations are being set up for the following:

- Town of Port Hawkesbury Public Works
- Strum – Engineering Consultant retained to study our Storm Water Management System, focusing on Tamarac Subdivision
- CBCL Limited – Engineering Consultant retained to study the Town of Port Hawkesbury and Port Hastings Sewer and Water Systems
- Eastern District Planning Commission focusing in on Building Code requirements and permitting
- Home Protection Specialists – information and guidance on protecting your home from future water-related impacts

Mayor, Council, and Senior Staff will be in attendance for the evening and available to speak with residents.
